

JND CONTINUES EXPANSION OF MASS TORT SERVICES WITH APPOINTMENT OF JONATHAN PAUL

Paul Joins as Senior Consultant of JND Mass Tort & Lien Resolution Divisions

SEATTLE, June 4, 2019—[JND Legal Administration](#), a legal management and administration company serving law firms, companies and government entities, has appointed Jonathan Paul as a senior consultant to drive growth for the company's mass tort and lien resolution service lines. In late 2018, the company acquired Lien Resolution Group and announced the JND Lien Resolution division to complement its mass tort offerings.

"Jonathan brings a great deal of valuable business development knowledge and consulting experience," comments David Isaac, executive co-chairman and co-founder at JND Legal Administration. "His expertise will help continue the rapid growth of our mass tort administration service line."

Paul brings over 15 years of experience and expertise to the coordination and implementation of client relationship and sales strategy and management. As a certified Lean Six Sigma Green Belt, Paul has held various leadership positions including senior vice president and business development director at a large legal consulting and administrative services firm, with a focus on complex litigation administration.

"I am excited to join the JND team and the company's burgeoning mass tort and lien resolution divisions," Paul commented. "I look forward to leveraging my experience and expertise to increase market presence and support JND's continued growth."

Paul earned his bachelor's degree from St. Cloud State University and has presented many continuing legal education (CLE) courses on settlement administration to prominent plaintiff and defense firms across the country.

The onboarding of Paul is another step in JND's commitment to provide the most responsive, full service settlement solutions in the legal administration industry. The addition will enhance JND's existing legal administration footprint, facilitating first class, end-to-end mass tort settlement solutions.
